

# Sin Spread to People

Genesis 4-5

## Family Discussion Starters:

- When do you feel angry?
- How does God help you overcome sin?
- Who else can help you resist sin?

## Family Activity:

Encourage your kids to talk about the things they find (or would find) most enjoyable about having a sibling. Discuss ways having a sibling can be difficult. Share stories about your own childhood and experience with siblings. End with a time of affirmation, reminding each member of the family of your and God's love.
