

# God Spared Noah

Genesis 6-10

## Family Discussion Starters:

- Why did God flood the earth?
- Why did God choose to spare Noah and his family?
- Why does God save anyone from sin?

## Family Activity:

Help your kids use a prism to separate white light into its component colors. Ask your kids to make predictions about how the light will behave as you move the prism or introduce a second prism. Explain how water droplets can cause a rainbow. Then talk to your kids about why the rainbow is a significant symbol for believers.
